ASICS-MULTISPORT TEAM RELAY TRIATHLON Sunday 4 April 1999 - Sevenoaks Swimming Centre RACE INSTRUCTIONS

Your team swim start time is:

7.30am

(See you before
6.45 + 7.00).

Registration

All three members of the team should report to registration at least 30 minutes before your swim start time. You should collect your numbers and goody bags and show your BTA licences (if applicable). If you wish to receive a set of results but did not enclose an SAE with your entry, we will send you a set on payment of 50p and an addressed envelope (available at registration) (This has all been covered).

Swim

Please report to pool side at least 5 minutes before your allotted start time. You will be told by the swim marshall in which lane to swim. You must swim 30 lengths and you will be told when you have two lengths to go. You must exit the pool via the children's pool and shout your number to the marshall at the exit door. The hand-over to your cyclist will take place just outside the pool exit (see attached map). You **MUST** tag your cyclist's hand before he or she can set off.

Cycle

See attached map for route. Please take extreme care on the exit and entry back into the centre. Please ensure that you observe the Highway Code at all times and give due respect to other road users. See attached map for marshall points and please ensure that your number is visible at all times **on the BACK of your top**. On entry back in to the centre you will hand over to your runner in the same place as the first handover. Again, you **MUST** tag your runner before he or she can start.

Run

This will be clearly marked and marshalled. Again, make sure that your number is visible (please pin number on your **FRONT**).

Results/Prizegiving

We hope to have the results available shortly after the last competitor has finished. Prizegiving will take place in the café area of the swim centre approximately 30 minutes after the results have been published.

Should you have any queries before race day please contact Mark or Jason Horne on 01892 517040 (day) or 01892 536817 (eves).

! HAVE A GOOD AND SAFE RACE !
